

## Small Particles, Big Issues: PRIORITYze DEI

**Issue 16 14/02/2024: Guide to Mainstreaming Gender into UNDP-GEF Projects on Chemicals and Wastes**

Dear all,

We hope this email finds you well.

In this newsletter issue we bring you the "[Mainstreaming Gender into UNDP-GEF projects on chemicals and waste](#)". This Guide to Mainstreaming Gender into UNDP-GEF Projects on Chemicals and Wastes was developed in February 2017 to support the chemicals and waste programmes and projects in countries at the national and regional levels. It is intended to guide UNDP MPU/Chemicals Regional Technical Advisors, UNDP Country Offices, project teams, consultants, and implementing partners by describing the steps that should be taken to ensure that gender considerations are an integral part of projects on chemicals and wastes.

We invite you to look at the full document, hoping it will be helpful for your research process.

Best regards

Mariasole and Camilla
