

## Small Particles, Big Issues: PRIORITYze DEI

**Issue 2 16/05/2023: EU Diversity Month.**

Dear all,

We hope this email finds you well.

We are writing to bring your attention to an exciting initiative called the EU Diversity Month 2023, organized by the European Union (EU) to celebrate diversity and promote inclusion across Europe. This month-long event aims to foster a stronger sense of community, embrace differences, and empower individuals from all walks of life. European Diversity Month 2023 will be held throughout May and will feature a wide range of activities, events, and discussions highlighting diversity's importance in various aspects of society. For more information, please visit the official website: <https://eudiversity2023.eu>

As part of European Diversity Month, the EU has developed a valuable resource called the Diversity Self-Assessment Tool. This online tool is designed for employers in the public and private sectors and organizations big and small!

Try and see where you are:

<https://eudiversity2023.eu/eu-diversity-self-assessment-tool/>

In addition, we are delighted to inform you about an upcoming event entitled "Science Community Diversity." This event will take place tomorrow (17/05/2023, 10-12 AM CET) and will bring together leading scientists and researchers from various disciplines to explore the importance of diversity in scientific communities. The event will feature thought-provoking discussions, keynote speeches, and parallel break-out sessions that delve into the benefits of diversity and the role it plays in driving innovation and scientific progress. Register here: <https://wereset.eu/newsroom/news/diversity-in-research-communities-experiences-and-expectations/>

We highly encourage you and your colleagues to actively participate in European Diversity Month 2023 and take advantage of the valuable resources and events!

Thank you for your attention. Together, let us celebrate our differences, embrace inclusivity, and build stronger, more vibrant communities.

Best regards

Mariasole and Camilla
