

Launching call for the submission of proposals for STSMs, 2 per year

Each Grant Period (GP) of the COST Action CA20101 – PRIORITY included dedicated calls for Short-Term Scientific Missions (STSMs) to promote mobility, knowledge exchange, and hands-on collaboration among researchers across participating institutions.

These missions supported early-career scientists and experts in gaining practical experience, accessing specialized facilities, and strengthening links within the network.

Over the course of the Action, one call was launched in GP1, followed by two calls per year from GP2 to GP4, ensuring a continuous opportunity for scientific cooperation and skill development.

1 call for STSMs in GP1 (1st call of the Action):

- 01/03/2022 to 31/10/2022

2 calls for STSMs in GP2 (2nd and 3rd call of the Action):

- 01/01/2023 to 31/05/2023
- 01/06/2023 to 31/10/2023

2 calls for STSMs in GP3 (4th and 5th call of the Action):

- 01/01/2024 to 31/05/2024
- 01/06/2024 to 31/10/2024

2 calls for STSMs in GP4 (6th and 7th call of the Action):

- 01/01/2025 to 31/05/2025
- 01/06/2025 to 18/10/2025
